Batch File : Once the file has been downloaded, double-click on the file and follow the installation instructions. The program will be installed on the desktop. Please give your comment in the below comment box if you are satisfied with this software application. or More Software by PYGAMES for windows platform: Download Button For Download (To use this button please enable JavaScript on your browser):Q: Using two mutually inclusive AND-ed conditions in the same query? I have a "criteria" table (that's what it's called) that has one column (id) that can reference itself. So criteria has a column (id), and it also has a reference to itself, as a parent. I need to build a query that returns the criteria that has a parent and child at the same time has no parents has some
